

\* NOTE

$R = 100\Omega$  or  $150\Omega$

Two  $100\Omega$  resistors and two  $150\Omega$  resistors are included in the kit.

The  $100\Omega$  resistors are used for  $75\Omega$  input and output.

The  $150\Omega$  resistors are used for  $50\Omega$  input and output.
